MERCER GASTROENTEROLOGY

CAPITAL HEALTH MEDICAL CENTER – HOPEWELL

TWO CAPITAL WAY • SUITE 487 • PENNINGTON, NEW JERSEY 08534

Dear Patient,

After serving you for many years as Mercer Gastroenterology, we are excited to share with you that as of May 1, 2022, our practice will join Capital Health Medical Group and become part of their Capital Health – Gastroenterology Specialists practice.

Beginning on May 1, we will join our new colleagues, Dr. Mark Saxena, Dr. Michael Itidiare, Dr. Waseem Butt, Dr. Cynthia Edirisuriya, Dr. Om Amin, and nurse practitioners Lisa Costello and Maribel Martinez, as part of Capital Health – Gastroenterology Specialists. Our office will remain at its current location in the medical office building at Capital Health Medical Center – Hopewell (Two Capital Way, Suite 487, Pennington, NJ), however, we are not currently scheduling appointments at our Hamilton office. Our phone and fax numbers will remain the same. Our current website will remain live for now, but over the coming months, we will be joining our new colleagues at capitalgastro.org. Most of the same insurances will continue to be accepted.

As part of our joining Capital Health Medical Group, we will implement a new electronic medical record system. While you may experience some minor inconveniences when we first make the switch, the new system will give you access to a new patient portal that will allow you to continue to monitor your health care by keeping track of appointments, checking current health information (including test results, medications, and care summaries), and providing learning materials and additional information to help you understand the care you receive. This will also more easily allow your medical records to follow you if you need to see another Capital Health Medical Group clinician.

Rest assured that Capital Health maintains the highest quality standards, and through this transition, we hope to meet and exceed your expectations. If you have any questions or concerns, please do not hesitate to call our office at 609.818.1900.

Sincerely,

Armen J. Simonian, MD | Jyoti K. Bhatia, MD | Ravinder S. Dhillon, MD | Douglas H. Weinstein, MD
